RECEIVED

1 MILL VIEW Close
Pagham
PO 213Vf

Dear MR ROBERTS

I am objecting to the proposed development in summer lane for very obvious reasons which I state, i.e. the very risk of flooding which has happened before, the close proximity to Pagham Beach that is being washed away by the sea, the amount of traffic through the village which already increases ten fold when church fair holiday village is open ten months of the year we have one zebra crossing from Rose green to mundam, which I might add that myself and a neighbour took 18 months to get repainted by the highways dept as it was almost non existent. To get a doctors appointment we have to ring every morning and hope to be lucky

PTO

and trying to get a dentist to sign on too is impossible.

The buses don't run after 4pm. There is only one small shop & Texaco's.

and finally mill farm was built for the purpose of retirement living and as such it will see lots of people taking a short cut through our estate. which the management keep to a high standard for our well being.

Yours Sincerely,

Mrs F RIDEOUT
