Objection to planning application P/140/16/OUT PAGHAM ROAD

Dear Sir/Madam,

The thought of all these new houses is beyond belief. The area of Pagham has not the infrastructure (Roads, Doctors, Dentists, Schools and Parking) to cope with such large development's. It's not just the one application for Pagham Road from Hanbury Homes but I understand you are also considering Sites at Sefter Road and Hook Lane.

Well really! how many extra houses do you think the area of Pagham can accommodate???? A small country Village surrounded by good Agricultural Farmland, wildlife and Pagham Harbour.

I object most strongly to these Planning applications as I believe they are Unsustainable and would cause untold damage to the natural environment.

I implore you all to look to your conscience and reject these applications.

Yours Faithfully,
