Dear Sir/Madam

With reference to the above Planning Applications I feel we will not be able to cope with anymore homes. The whole thing is unsustainable and ridiculous.

We are a quiet village and therefore you would be putting pressure on the already overstretched facilities.

The traffic is bad enough through the village without anymore vehicles speeding through.

Our local Doctors Surgery is unable to cope now with the amount of patients how are they expected to manage once another 1330 dwellings have been built. Also our local Dentist is unable to take on more patients.

By putting another 1330 dwellings in the area you are causing more problems for our roads, Doctors, Dentist and our already overcrowded school.

As anybody thought that Pagham is on a flood plain and you are going to make the whole situation worse.

In fact the whole idea is UNSUSTAINABLE.

Yours faithfully
