Mill Farm
2 Honeyuckle Drive
Pagham
PO21 3PT
15/3/17.

Dear Sirs,

I strongly oppose anymore building in

the above area.

It is totally unsuitable to build, loss of
grade 2 farmland and increased surface water run-off
and sewage. Increased pressure of Doctors
Dentist, schools & hospitals,

HGV movement increasing at Baforts Packing Plant
unsustainable noise pollution. Roads are already
in disrepair. Dangerously built accidents always
waiting to happen. Completely unsuitable for
cycles. With added vehicle movement to and
from Church Farm. Adding to the problems.

Please, please take the above proposals
seriously we do not want added problems to
the area's.

Yours faithfully
