Subject: P/140/16/OUT

Dear Mr. Innes, I see this site is planning 400 houses and wish to register my objection. Albeit a care home is planned .An estimated 338,520 adult social care workers left their roles in 2015-16. That is equivalent to 928 people leaving their job every day. So it would be sensible to ensure the existing care homes were effectively

manned rather than producing more care homes. I note also 'land for primary school' since schools have many of the problems of staffing that exist elsewhere, this could remain a plan rather than anything concrete.

My objection to this and other plans for housing in this area remains the same. Communication is dire and infrastructure for this project does not support the building of 400 more houses. I am not even mentioning the environmental issues.

Please register my objection to this project.

Yours sincerely, Virginia Constable Maxwell, The Tithe Barn, Lidsey Barns, Lidsey, PO22 9QS
