Land South of Summer Lane & West of Pagham Road Pagham

Thank you for your internet representation made on 27th July 2017 which has been recorded as **'an objection'** with the comments as follows:

Its all very well these developers keep paying out for surveys and reports on traffic impact and the like to justify the developments and their greed but they don't live here and don't have to leave home at the crack of dawn now in order to get over the A27 to work! For these companies to suggest the highway network can cope is ridiculous, it is well known the A27 cannot cope now! 40% of traffic, as suggested by one report, would not be heading to Bognor for work it will be heading to Chichester, it will be grid lock in the mornings and evenings. Pagham is a village it simply cannot cope with this level of development. There are plenty of brown field sites use them and stop the greed of the land owners, they don't have to live with it!

Your views will be considered before the application is determined and I shall write to inform you of any decision made.

Please be aware that if the application is to be determined by the Council's Development Control committee and your letter has been received at a late stage after the Agenda has been published you will not receive a separate letter notifying you of the date of the meeting and procedures for public speaking. In such circumstances it is recommended that you track the progress of the application on the Council's website or telephone the Council for further information. Please be advised that any comments you make that are not included within the Committee Agenda will be reported to the Members of the Development Control committee. Please also be aware that only a small number of all planning applications received go the Development Control Committee. Most are determined under delegated powers by Officers in which case your comments will again be considered before the application is determined.

Please be aware that Planning Services operate an 'open file' policy and will publish details of your comments on the internet on the Arun District Council Planning section. Please ensure that you only provide information that you are happy will be made available in this way. If you supply information belonging to a third party, please ensure you have their permission to do so. If you do not wish your comments to appear on the 'open file' please confirm this in writing and I will arrange for it to be destroyed although this means that its contents will then be disregarded.

In the event of a subsequent written representations appeal, against a refusal of planning permission on a householder application, any representations made on the application will be automatically forwarded to the Secretary of State. Unlike all other types of appeal, there will be no further opportunity to comment at the appeal stage.

Yours faithfully

Neil Crowther
