of Pagham Road.

Dear Sir/Madam.

I am raising these
objections about the planning above.

1/ Doctor. No mention of a doctor.
Surely, we need one if this goes
through.

2/ Community Centres I don't think we
need anymore a waste of money.

3/ Schools. Primary and Infant are
one thing are you going to build
Secondary.

4/ Traffic. Have you tried to get on
the A 27 at Peak hours in the
Morning.

I object to all your plans
400 houses, 800 people plus children
probably 400 cars causing pollution
and where are all the jobs
people will want.

You have not given it
much thought
