Dear Sirs,

Application No: P/140/16/ OUT

With regard to the above revised application for a housing estate etc. at Pagham, we wish to once again strongly object to this project.

The idea of taking the last prime agricultural land along this stretch of the south coast is a total disgrace and should not have even been considered. Our previous letter detailed once more the appalling state of the roads here and the lack of adequate hospital facilities even before more houses have been built. The general idea of allowing such a plan to go forward against the wishes of the vast majority of local citizens is beyond comprehension.

We lived in Essex for much of our lives and saw the Brentwood District Council/Essex County Council do a fine job in protecting the green fields and countryside surrounding Brentwood in a commuter belt with fast trains to London and good connections with motorways nearby.

We completely support the effort of PAGAM and hope that in this democratic society the voice of the people will be heard, above those with vested interests.

Yours faithfully

Dean and Marion Casperson
