Subject: RE: Development Control Committee - Pagham Applications

Dear David,

Further to our discussion a while ago, given where we are with our S106 and the outstanding responses, we don't feel that there will be much benefit in attending tomorrow's meeting. However, please keep me posted on discussions and if there is anything that requires our input, I will be at the end of the line if needed.

Regarding S106 matters if you are able to put together an update on where things stand to date that would be useful. I am aware that there are still blanks in terms of consultee responses and if you could continue to put the pressure on I'd be grateful.

In terms of your request below, we accept the extension of time but only until 11th May 2018.

Many thanks

Jenny

Subject: Development Control Committee - Pagham Applications

Dear All,

Following further discussion with our committees team and our technical support unit it will not be possible to present the applications to members on the 25th April as was originally planned. The intention is for all of the Pagham applications (P/134/16/OUT, P/140/16/OUT, P/6/17/OUT and P/25/17/OUT) to be presented at the same committee meeting. We have sought for the earliest date possible but due to existing Council meetings the first available date would be the **9th May 2018**.

The Development Control Committee are already due to meet on the 9th May and as such we are looking to have two sessions on the day, with the Pagham applications to be presented to members between 11.00 and 13.00. Therefore, I must request an additional extension of time until the **11th May 2018**.

Please do not hesitate to contact me should you wish to discuss any of the above.

Kind regards,
David Easton
