Dear Sirs

We strongly oppose the Housing Development being planned for farmland opposite our house in Pagham Road. We understand there was a clause relating to this when Derek Bell sold the land.

This is going to totally destroy this village.

We chose to live in Pagham Road for its beauty and wildlife. Our house has a balcony overlooking this farmland - Horror of horrors we could be looking at a concrete jungle. Pagham Road has become a lot busier since we moved out here from Dogmer in 2002.

What will it be like if this housing goes ahead. The infrastructure has already been said. We strongly object to Planning No.
