Mr Crowther

I have noted the attached e mail on the file. In particular I note that amendments have been made to the secondary education, Police and Highway contributions to those considered by the Committee. Please note that these cannot be considered to be "minor amendments to the Heads of Terms" as Secondary education and Transport matters were discussed and agreed at the meeting by members on the basis of the written and verbal advice given by Officers regarding detailed matters under the heads of terms then specified.

Once again this is another change in material considerations that should result in the application being returned to the Committee for reconsideration before any decision is issued.

Please put this e mail and any response given on the file.

Thanks

Dear Jenny,

I have just spoken with Joe on the phone providing him with an update in terms of the s106 progress. The final amends have been set out by Jeremy Cook (which relate to secondary education, police and highways) in an email to James Smith and Katie Kam. The intention is for the s106 to now be engrossed and executed.

It is hoped that the s106 can be completed Tuesday/Wednesday next week so I would be grateful if you would provide an extension of time agreement until the **15th November 2018** to allow completion of the s106 and the decision to be issued.

Please do not hesitate to contact me should you wish to discuss.

Many thanks,
David
