Good Afternoon,

In support of our online comment, with no objection, we wish to add photo evidence of the car

parking issues on the green. We have photo evidence of the illegal dumping to the rear of our property, which we are also happy to provide.

You will see from the photos the brick wall is the boundary wall of the applicant. The Ash tree is at the rear of our property.

We seek assurances that mitigation measures will be put in place to stop parking in the reduced area which would further impact our property. As can be seen from the photos, this already has a significant impact.

Also to ensure safe access to the footpath which is regularly blocked as can be evidenced below.

Kind regards,

Lesley Howlett
