Dear Simon

Further to our discussion earlier this week please find attached amended submittals for this scheme, to address requirements raised by Paul Cann in correspondence with Sarah Burrow and Mark Hobbs.

The amendments are a minor change to the shape of the drainage pond to provide additional storage, to support the reduced discharge rate requested by Paul, and minor amendments to the outfall headwall and flow control manhole. This has a minor impact on the line of the landscape planting so this has been updated also.

Please can the attached drawings be added to the application accordingly.

For reference I have included the email correspondence mentioned above.

Kind regards

Glynn Curtis MCIAT

Subject: P/38/21/PL - Planning Committee

Dear Glynn,

I am sorry to report that the 23rd June Committee Meeting has now been cancelled. This was to have been held virtually but I am told that the Leader of the Council and the Chief Executive have just decided that the next meeting needs to be face to face. However, there is no time before then to post out agendas, send out all letters and committee services/facilities do not have time to get everything ready. The meeting is now likely to happen on 21 July which will be after the 19 July date when restrictions are likely to be lifted.

I am therefore writing to ask whether your client will agree to a further Extension of Time until the 23rd July 2021.

Kind Regards

Simon J Davis MRTPI
