Dear Sir/Madam

Please find enclosed an application submitted under section S96a of the Town and Country Planning Act (as amended) 1990 for a non-material amendment to Reserved Matters Consent P/70/19/RES to amend Plot 64

This non material amendment application seeks to change the front and rear elevation cladding on plot 64 from Fibre cement boarding, to Brick. It also aims to correct an error on the plot 64 side elevations which adds a chimney that wasn't originally shown on the approved house type plan. Whilst the elevation to this plot will be altered from that approved, the changes will not materially affect the appearance of the scheme nor have an impact on the character of the area or amenity of neighbouring residents.

The documents submitted for consideration under this non-material amendment application are as follows:

- 1177-WD-423-C-PLOT-64 Elevations
- Original house type plan (1177-WD-112 REV C)

I trust that you have sufficient details and information to validate and determine the application and hope that you can confirm that the changes made to the windows and doors represents a non-material amendment to application P/70/19/RES. If you require any further information to assist with your consideration, please do not hesitate to contact me.
