Dear Sir/Madam,

The Town & Country Planning Act 1990 (as amended)
Town & country Planning (Development Management Procedure) (England) Order 2015 - Article 6

Application No: P/153/21/RES
Site Address: Land South of Summer Lane and West of Pagham Road Pagham
Description of works: Approval of reserved matters (appearance, layout, landscaping and scale) following outline planning Permission P/140/16/OUT for the erection of 350 No. dwellings, together with public open space, play space, drainage, parking and associated infrastructure, landscape, ancillary and site preparation works, with access off Pagham Road. This site may affect a Public Right of Way.

Thank you for your internet representation made on 26th October 2023 which has been recorded as an objection with the comments as follows:

OWPC62618

Over Development, Unsustainable Development and nothing short of Environmental Terrorism!

This Reserved Matters Application should not even be considered.

South Pagham suffers from severe hydraulic overload causing severe flooding, clear evidence is available to demonstrate this as recently as Oct 25th when properties in South Pagham were flooded and pumping by Southern Water has now been carried out in excess of 24 hours. This is NOT an isolated incident. It is no use developers putting in elaborate drainage plans for a development that is basically concreting over valuable farmland - they have no interest in existing properties as clearly evidenced by the drainage issues in Summer lane caused by inappropriate development.

As well as hydraulic overload, South Pagham has huge environmental importance to endangered Brent Geese. The proposed development is on land used by Brent geese for over 50 years. Again clearly evidenced. There has been no suitable mitigation offered and Arun are aware of this and aware of Natural England's objection, along with the RSPB and Sussex Ornithological Society.

It is time Arun admits that it didn't listen to local people at all and made a huge mistake in allowing outline permission in the first place. Come on Arun, admit your mistake or you will indeed be committing environmental terrorism!

Your views as made above will be considered before the application is determined.
