Dear Sir

I would like to strongly object to the above planning application regarding the building of 350 homes on the Pagham Road backing onto Summer Lane.

This area is already experiencing extreme congestion due the other constructions in Pagham and the roads and infrastructure are presently unable to cope with this. The thought of over 500 more cars at least on that road seems unrealistic especially at core times - Pagham is a village not a town!

Pagham is experiencing winter flooding which is increasing yearly - these extra homes will only exacerbate this!

Church Lane has had to have water tankers to remove the flood waters.

We have regularly wildlife in Pagham and I feel that their habitat will be destroyed forever. The overall feeling of a village will be lost forever.

I hope this will be taken into consideration.

Regards

M Branagan-Freeman
