Subject: P/153/21/RES

I have reviewed the updated details for P/153/21/RES.

The BNG assessment is good and offers a 31% increase in habitat units and a 76% increase in hedgerow units and 200% watercourse units.

The submitted metric demonstrates this.

The changes to species are fine. I welcome the inclusion of the Elm New Horizon.

The wetland planting is fine.

Jonathan Best MCIEEM
Ecology Officer, Planning Policy
