Dear Sir/Madam,

The Town & Country Planning Act 1990 (as amended)
Town & country Planning (Development Management Procedure) (England) Order 2015 - Article 6

Application No: P/155/21/RES
Site Address: Land West of Pagham Road Pagham
Description of works: Approval of reserved matters (layout, scale, appearance and landscaping) following outline consent P/140/16/OUT for the 'local centre' parcel which comprises of retail, community and commercial uses, 20 No residential apartments and a 70 bed care home.

Thank you for your internet representation made on 19th December 2021 which has been recorded as an objection with the comments as follows:

OWPC42720

Pagham is a small community and it needs to be kept that way. Our roads are busy enough without having more traffic/pollution and strain on our fragile infrastructure. If this goes through then it will be open to more development in the future. Greedy landowners, developers and their planners will just get rich destroying our habitat we are trying to save for future generations. If you want to do some good, then plant trees instead. Use brown field sites to build your homes but leave green spaces as they are. Population is the problem today and that is what should be addressed, not buildings ! Your planners can dress this up to sound all very cosy but this is not on your Welsh doorstep. Better to have woods for people to enjoy with nature than the tokenism of drainage, landscape planting. This is not habitat creation it is habitat loss through brick, tarmac and paving. You should be ashamed of yourselves for ever having the audacity to build here !

Your views as made above will be considered before the application is determined.
