Elaine Rowe ,12 Manor Park,Nyetimber Pagham.PO21JS.

Regarding the planning application P/167/21/RES,could you please in addition apply my objection against the following planning applications as the objection remains the same on all....P/153/21/RES, P/155/21/RES, and P/158/21/RES.

I strongly object against this excess building in close proximity to the Nature Reserve. The decision by ADC to allow new house to be built in a village is shameful. We only have one Dr's surgery which struggles to cope at the moment with its patient list ,one dentist, one school. Just where will all the hundreds of new families go to? Traffic through village at present moment is heavy enough and growing ever more dangerous due to lack of yellow line to stop parking especially near the Bear pub junction. The Lagness road is a disgrace and the flooding is a major issue. There are no suggestions of upgrading it to cope with extra traffic or a much needed cycle lane to get to Chichester.

It is noted that SOS {Sussex Ornithological Society} have clearly stated that the migration for the Brent Geese at this site has FAILED. Arun DC ,against the wishes of the author chose NOT to put this report on the portal even though it was sent to ADC in early July 2021,this has delayed further investigations by other parties.

Yours sincerely Mrs E.Rowe
