Having just had our attention drawn to this proposal, we wish to strongly object against it.

As you are aware planning permission given for the Inglenook development was opposed by many local residents. It was eventually, on appeal, granted when the question of entry and exit was considered acceptable by the planning authority,

Despite their disappointment, the people objecting had no choice but to accept it.

This current proposal, we think, shows that the original concerns were valid and therefore planning permission should not have been granted.

It would appear that the planning authority were misled by the developer who now seems to be saying that the access is not suitable.
