Subject: RE: Land rear of the Inglenook Hotel

Dear Winston,

We don't have any planning requirement for lighting, we just want to ensure that any that is proposed (including security lighting attached to homes) meets our policies. I don't know if there is any other legislation out there that sets out a requirement for a minimum level of lighting.

Kind Regards

Simon J Davis MRTPI

Afternoon Simon,

Further to our telephone conversation with regards to W/4001476 page 10 'item 16' – You mentioned because our site is under private ownership it is therefor not compulsory to install street lighting.

Please can you confirm this is the case for private roads, it is not compulsory to install street lighting?

Regards,
Winston
