Thank you for your internet representation made on 22nd December 2021 which has been recorded as an objection with the comments as follows:

OWPC42840

Everything to do with this build is a joke, now another application. All of this for the developer to make more money after realising their original plans which they have permission for are flawed.

Firstly how can the regular person keep track of all these applications, it seems they are being hidden tactically.

Secondly Spinnaker View is private and the developer has no permission to come through or dig up our road. There is a no dig zone in this area of Spinnaker View so these plans cannot stand.

How come the original drawing was dated in 2018 with access through Spinnaker View, this shows the original plans were to come through Spinnaker View from the start.

Why should Spinnaker View residents have to put up with this every day, these developers have no respect for anyone.

To the developer: Use the plans you have been given permission for and get on with it.

Your views as made above will be considered before the application is determined.

In this case, you will need to track the progress of the application on the council's website <https://www.arun.gov.uk/planning-application-search>
