Thank you for your internet representation made on 17th January 2022 which has been recorded as an objection with the comments as follows:

There doesn't seem to have been any thought given to the site next to where you want to build these 106 new properties namely Mill Farm Estate where the majority of people who move here do so to have a quiet peaceful retired life not to live next to a building site which seems to be the case at present with all the other building of houses going on around the site, namely Inglenook hotel, Hook Lane, Sefton road to name but a few. This cannot go on building more and more, its supposed to be a village not a town, there is not enough, doctors, dentists, shops schools or suitable roads for all these houses, the roads will just not take it nor the sewage. I want to live what few years I have left in a quieter community not on a building site, please give this your utmost consideration and have some thought for the countryside and all the wild life that would be lost as well as our sanity.

Your views as made above will be considered before the application is determined.
