Dear Sir/Madam,

Town & Country Planning Act 1990 (as amended)
Town & Country Planning (Development Management Procedure) (England) Order 2015 - Article 5

Application No: P/178/21/OUT
Site Address: Land West of Pagham Road Pagham
Description of works: Outline application with all matters reserved (except access) for the construction of up to 106 new homes, formation of access onto Pagham Road, new pedestrian and cycle links, the laying out of open space, new strategic landscaping, habitat creation, drainage features and associated ground works and infrastructure. This application is a Departure from the Development Plan and may affect the setting of a Listed Building.

Thank you for your internet representation made on 30th January 2022 which has been recorded as an objection with the comments as follows:

OWPC43842

Pagham Road already suffers with flooding and a high volume of traffic . Pagham Rife is not maintained sufficiently, concreting the ditches and Rife , despite the proposed draining schemes will only make the problem worse. Pagham Treatment Works admit that they cannot be efficient unless upgraded. Development and climate change could increase the already regular unlicensed sewage spill into the Rife. Also the obvious lack of infrastructure, Doctors, Schools, etc etc would create problems. Not forgetting wonderful wildlife we have the privilege to see, their habitats would be decimated.

Your views as made above will be considered before the application is determined.
