Dear Sir/Madam,

**Town & Country Planning Act 1990 (as amended)**  
**Town & Country Planning (Development Management Procedure) (England) Order 2015 - Article 5**

Application No: P/178/21/OUT  
Site Address: Land West of Pagham Road Pagham  
Description of works: Outline application with all matters reserved (except access) for the construction of up to 106 new homes, formation of access onto Pagham Road, new pedestrian and cycle links, the laying out of open space, new strategic landscaping, habitat creation, drainage features and associated ground works and infrastructure. This application is a Departure from the Development Plan and may affect the setting of a Listed Building.

Thank you for your internet representation made on 31st January 2022 which has been recorded as an objection with the comments as follows:

OWPC43872

The field intended for development was not included in the recently adopted plan as passed by Arun District Council drawn up in 2018.

The small seaside village has maintained its heritage and charm being close to the sea and rural countryside. With the intended building of 1200 homes + some of these assets will be lost forever to modern brick built housing.

The infrastructure for all the potential residents is not in place, schools, doctors, dentists and local shops.

The country lanes that surround Pagham are already getting busier and traffic passing through, including substantial size lorries, are a hazard and disruptive to the flow of regular traffic, not always driving within the 30mph speed limit.

The flooding of fields and drains has been a problem but the water has developed very good nature reserves and good crop growing farms.

Pagham Treatment Sewage works can only manage the capacity it currently handles - what is planned for all the extra homes?

Your views as made above will be considered before the application is determined.
