Dear Sir/Madam,

**Town & Country Planning Act 1990 (as amended)**  
**Town & Country Planning (Development Management Procedure) (England) Order 2015 - Article 5**

Application No: P/178/21/OUT  
Site Address: Land West of Pagham Road Pagham  
Description of works: Outline application with all matters reserved (except access) for the construction of up to 106 new homes, formation of access onto Pagham Road, new pedestrian and cycle links, the laying out of open space, new strategic landscaping, habitat creation, drainage features and associated ground works and infrastructure. This application is a Departure from the Development Plan and may affect the setting of a Listed Building.

Thank you for your internet representation made on 3rd March 2022 which has been recorded as an objection with the comments as follows:

OWPC44876

Further to my previous comment, I just want to question the Access Arrangements that are a reserved matter on this application. The comment from WSCC Highways states that "The site is proposed to be accessed via a new priority junction on Pagham Road. Although the access lies within the 30mph speed limit, this changes to the National Speed limit to the immediate north".

However, this is not true The Access lies in the national speed limit area, NOT the 30 mph zone. This is clearly seen from either a) visiting the site or b) looking at the access arrangements drawing as provided in the application.

I am concerned that as the WSCC Highways team been aware of this, they may have concluded differently on what the appropriate visibility splays are.

Your views as made above will be considered before the application is determined.
