Dear David,

My name is Donna Shadbolt, I am a resident of Manor Park in Pagham and am writing to you pleading for help.

Myself and my husband moved here from London 13 years ago, we worked hard and saved every penny, did our homework and looked for somewhere safe and serene to raise our family, Manor Park was the place we found and we have genuinely loved every minute of living here. We now have 3 sons and this road has benefitted them massively, they have a lovely, large amenity space to play in every single day, and they have made such good use of it along with several other children in our road. And I'm sure that all the previous children that have lived in our road got the same use from it. While I do not allow my children out of our road unsupervised, they have free rein in our road as it is a safe area that not many people know about as we are so tucked away.

We have 2 horses that we keep in Hunston and from spring until autumn we ride them home every weekend and keep them tied on our verge (which is what it is and there should absolutely not be houses squeezed on to it) until we ride them back again, please help me prevent this from being taken away from us, the horses are my childrens lives as well as hobby and these houses will take away my childrens use of this amenity and make us unable to bring the horses home.

On another point, I live at number 16 and every evening rain or shine, the view from my house is phenomenal, the sun setting over the trees and the roof of the lovely Barton Manor is a sight to behold. These houses will take that view away from us, this potential build will literally ruin our house and lives for us, please help us stop anything going ahead, for me, my husband and my children. We love living here and are currently devastated at the thought of what is about to happen.

Please visit Manor Park and see how lovely it really is and help us stop this awful thing that will potentially happen.

Thank you for your time

Donna Shadbolt
