18 MANOR PARK

PAGHAM PO21 3

BOGNOR REGIS

TO DAVID SPRING

P/8/20/R

I the above have just learned that a planning application for 4 - 3 BEDROOM Terraced Houses with parking have been submitted to the Planning Office. These terraced Houses are to be built on the grass verges opposite our houses. How can this be? I have lived in Manor Park since 1986 and have enjoyed the trees and grassland, also the beauty of it and the security and peacefulness. How could such a beautiful greenland be destroyed to provide Housing? I object most strongly to this and cannot understand why the Planning Dept. could agree to this travesty.

Surely we have "PRESCRIPTIVE RIGHTS" for this verge which I and others have enjoyed - walking the dogs, watching the children playing and and loving the beauty of it and the privacy that it has. Surely the

PTO

If the Planning Committee and the Town Councillors can stop this travesty.

From happening and let all of us in Manor Park continue to enjoy this beautiful site. That is why we bought our houses for and we all want it to remain as a "PARK" i.e. Manor Park, which is certainly is "A park" which is beautiful and private and not have to endure extra traffic and parking and also this action will devalue all our properties.

Please do something to stop this terrible idea and let Manor Park remain as it is.
