Mr Blumer,

Thanks for the e-mail.

I can confirm the application has not been refused – indeed the report has not been finished. I am unaware as to where the Facebook poster got the information from but it clearly did not come from our website which correctly lists the matter as undecided. The application will be determined on its planning merits.

I will ask that this email be uploaded to the website. It is possible there may be a delay to this due to current working arrangements.

On behalf of my client I have been asked to raise the following.

It appears common knowledge last night that the above application has been refused by ADC.

As we can see no Refusal Notice on the web site we wondered if you could please explain why [REDACTED] knows before such a decision notice has been issued?
