Dear Paul,

I've been looking at these condition decisions this afternoon and have questions re conditions 14 & 26.

14 -- This condition was imposed in order to secure measures to promote the eastern most 4 visitor parking spaces to the general public to compensate for the lost layby parking. Your submission refers to the Site Plan Dwg no: 108-16-101 Rev B but this includes no detail of any signage/road marking etc to direct the public to these spaces. We would be looking for some signage at the junction with Pagham Road and then signage/road markings on/adjacent to the actual spaces

26 -- The details for this are the bollard lighting as per the street lighting condition. This is fine but can you confirm that no external lighting will be attached to the houses. If you are proposing external lights to the houses, then it is these details, we need to approve.

I am leaving shortly but happyt to discuss these next week.

Kind Regards
