Dear Sir/Madam,

Town & Country Planning Act 1990 (as amended)
Town and Country Planning (Development Management Procedure) (England) Order 2015

Application No: P/1/21/PL
Site Address: Land at Summer Lane Pagham
Description of works: Material change of use of land from agricultural use to use for open space. This application is in part a Departure from the Development Plan, affects a Public Right of Way & is in CIL Zone 5 (Zero Rated) as other development.

Thank you for your internet representation made on 14th February 2021 which has been recorded as support with the comments as follows:

OWPC33720

I fully support this application, it is long overdue. I use the Summer lane routes regularly as do the rest of my family, teenage children use it to connect with friends in Rose Green and Pagham in a safe way away from the, very busy, roads. It is absolutely vital that any green space that can be protected for us and future generations is protected. The current pandemic has taught us all about the important of getting fresh air and exercise in safe, clean environments. This should be one of those environments. The lying ground water suggests that more housing will only add to surface water drainage issues and maybe if given back to nature more natural wildlife habitats will also be encouraged. This is all on top of the fact that Summer Lane was not designed for two way traffic and that cannot be easily remedied, one only has to experience the chaos there at present to be convinced of that.

Your views as made above will be considered before the application is determined.
