Thank you for your internet representation made on 18th February 2021 which has been recorded as support with the comments as follows:

OWPC33949

It's Imperative that we maintain these fields for agricultural use. Going forward demand for British grown crops will increase and if we are to have a greener future the less we import the better. Aside from that the excessive development of this small village is having a massive impact on the locals both mentally and physically. Lack of infrastructure re schools surgeries and road improvements etc. This area is a much loved and frequented green space for young and old alike, dog walkers wildlife enthusiasts joggers accessible locally on foot. I would urge you to consider these points when viewing this application.

Your views as made above will be considered before the application is determined.
