**Information
Objection**

No Objection

Refusal

I refer to your consultation in respect of the above planning application and would provide the following comments.

The existing days and times of operating are duly noted. The variation of condition will see extended hours will evidently give rise to the site generating vehicular traffic over an extended period. However, the number of movements would not be anticipated to be particularly significant and would not be expected to exacerbate any existing issues, nor warrant an objection on the basis of safety or capacity. Whilst the Planning Authority will no doubt wish to consider matters of amenity for local residents, no highway objection would be raised.
