Hi Simon,

Just to update you. We have discussed the feedback internally and wish to make amendments to the document. I will resend all information that we want you to use before the deadline of the 31/03.

Please don't book in any re-consultations until then.

Please let me know if you have any questions and thank you again for your help.

Kind regards,
Jenni

Hi Simon,

Thank you for your advice.

We have a meeting with our engineer this morning and after that, I will be able to confirm if we have further information to issue.

I will be in touch.

Kind regards,
Jenni

Dear Jenni,

If you are confident that the missing appendices respond to all of the identified points, then I can I issue a re-consultation on that basis. However, Engineers will need to book in the re-con with our consultant, and it is likely to take a few weeks to get a further response. It is my preference that you respond to all of the points at the same time and then I just issue one re-consultation. On that basis, I will hold these items for now.

Kind Regards

Simon

Good morning Simon,

Thank you very much for your quick reply.

I have checked and unfortunately the last Appendices (U, V, W, X & Y) didn't save correctly. This was my mistake and I apologise for the inconvenience.

I have attached the missing appendices below via WeTransfer. Please can you confirm with me that you have received these?

[REDACTED]

Please can your engineers update our latest submission with these Appendices for review?

I will discuss the other points with Rach and I will get back to you as soon as possible with our updates.

Thank you again.

Kind regards,

Jenni

Dear Jenni,

Please see attached, our engineer's drainage response.

We will allow one attempt at amending the submission to respond to the issues, but please ensure you reply with the amendments/information by end of 31/03 otherwise we may issue a refusal..

Kind Regards

Simon
