A PS TO MY LAST BELOW

Please place the attached on all files as they were attached to a previous e mail but were not uploaded to your web files with that previous e mail. Land registry documents are public documents so there are no data protection issues.

FYI I note that in addition to the previous issues raised it would seem that Summer Lane (which is required for access in order to implement the OPP under P/58/15 OUT) is privately owned and maintained by others and that whilst the current applicant has a right of access over Summer Lane they have no registered rights to carry out works or other alterations to the Lane as required so as to lawfully implement that OPP.

Also there are no houses on the site yet so what affordable housing has ADC *recently secured from the developers?*, where are they to be located?, what are the terms of that transaction and why do the land registry documents identify ADC as a lender but not a purchaser for only part of the site to which the OPP and its related S106 Agreements relate?

These together with all the other questions being asked are reasonable questions that Pagham Parish Council, the public and your members are entitled to ask of ADC and they are entitled to receive satisfactory responses and

explanations. Where is the openness, transparency and for that matter accountability on which ADC somewhat dubiously (given the evidence in this case) prides itself and that the law demands of a public authority.

Your response to me crossed with the e mail and attachment sent to you by Pagham Parish Council today timed at 7.45am (copy attached for ease of reference)

Given the level of public interest no doubt you will respond to Pagham Parish Council and your members on the issues raised before making any decisions under delegated powers

Dear Mr Collins,

Thank you for your recent emails.

We are content that all of the planning permissions (and current applications) for this site are lawful and valid. Therefore, the DOC applications can and will be determined.

Regarding the potential financial interest, this relates to the affordable homes which Arun District Council has recently secured from the developers on this site. It does not affect the decision the planning authority will make.

Kind Regards
