Thank you for your internet representation made on 20th May 2020 which has been recorded as an objection with the comments as follows:

OWPC27012

Extra traffic on the pagham to Chichester Road is going to be extremely dangerous without the road being widened and straightened with a cycle path included. There are already hundreds of new houses already built or due to be built in the near future to add extra pressure on this already busy area.

Pagham also has a big flooding problem. The Pagham to chichester road has already been closed several times during the last year as the flood has caused it to be impassable.

These things need to be taken into serious consideration. Thank you.

Your views as made above will be considered before the application is determined.
