There is not enough space to accomodate the proposed plans within our village. Traffic is already at peak levels, during rush hour it can take upwards of an hour to get from the A27 turn off into the village, with no traffic it is less than a 10 minute drive. Already we are at dangerous levels of congestion and pollution. If this development goes ahead lives will be put at risk with the increase in traffic. POLLUTION of our surroundings has also not been thought about. 200+ new homes means 200+ more people at an absolute minimum, 200+ more cars, 200+ more pollution from houses. The most compelling argument against this development, however, has to be the fact that the field in question FLOODS with heavy rainfall, one of the most recent examples being in March 2019, when a boat was sailed across it. We can sail a BOAT through this field, where you want to build homes?! Absolute madness.

Your views as made above will be considered before the application is determined.
