Thank you for your internet representation made on 21st May 2020 which has been recorded as an objection with the comments as follows:

OWPC27055

The site floods badly in winter, unsuitable for house building .

The proposed housing encroaches seriously to the nature reserve and would harm the wildlife resulting in destruction of many species .

Road infrastructure is totally inadequate and already overloaded, especially between Pagham village and the A27

Pollution from extra traffic on roads harmful for both humans and wildlife .

The proposed massive housing development would increase both the population and number of vehicles out of all proportion for a small community and completely ruin its village character.

Your views as made above will be considered before the application is determined.
