Thank you for your internet representation made on 21st May 2020 which has been recorded as an objection with the comments as follows:

OWPC27069

I strongly object to this application on numerous points which at numerous council meetings have been ignored out of hand.

The first glaring problem with this and all similar applications for planning in Pagham is the LOCAL PLAN (joke)

This useless document is paying lip service to local residents objections while sucking up to central government when it should be claiming special and unique local circumstances to refuse to comply with these tridiculous no's of new housing.

My major concern is the potential disastrous increased risk of flooding following this development for the whole local area.

Your sincerely
