Thank you for your internet representation made on 21st May 2020 which has been recorded as an objection with the comments as follows:

I strongly object to this planning for the following reasons. The land is totally unsuitable for building on as the recent photographs of the "lake" it had turned into after the rain we had clearly demonstrates, so will the houses be built on stilts as with climate change and all the other developments being forced upon Pagham, the land will continue to flood. There is not enough capacity for the sewage and surface storm water now so where will it all go? All the extra traffic pouring onto an already congested road will simply add to the misery of Pagham residents in their journeys to work in the morning. It can already take up to an hour some days just to get to Chichester. Schools are full, as are Dr surgery's and there are not enough teachers or GP'S to fill any new ones. Why should Pagham have to bear the brunt of all these extra houses, just to meet Government targets? We are full!

Your views as made above will be considered before the application is determined.
