I absolutely object to this planning application, who on earth thought dumping a school and other buildings and play park immediately behind existing homes a good idea! And where are these people going to work, not round here that's for sure as we don't have any employment for anymore people. So presume they will be commuting along our local roads which cannot cope with another minimum 280 cars everyday. We are already congested enough around here. Plus we have flooding every year, no doubt that will be pushed onto the existing homes to cope with. It will have a devastating effect on the wildlife around here we have everything from slow worms to bats and more type of bird than you can count. Why should everything be pushed out of the way for profit by developers who don't live or care where they build and the long term destruction they leave behind on existing communities

Your views as made above will be considered before the application is determined.
