Thank you for your internet representation made on 21st May 2020 which has been recorded as an objection with the comments as follows:

OWPC27099

It is time for some joined up thinking regarding the planning (permission giving) authority and the Highways Department and all the authorities involved with roads, local services, doctors surgeries, schools as well as the environment agencies. We have objected time and time again to these massive developments based on every objection one can think of only to be brushed aside at planning meetings hell bent on pushing these private developments through. I strongly object to this development and any others in this overcrowded underfunded area.

Your views as made above will be considered before the application is determined.
