Dear Sir/Madam,

The Town & Country Planning Act 1990 (as amended)
Town & country Planning (Development Management Procedure) (England) Order 2015 - Article 6

Application No: P/24/20/RES
Site Address: Land North of Sefter Road & 80 Rose Green Road Pagham
Description of works: Approval of Reserved Matters pursuant to condition 1 (Reserved Matters details), condition 6 (Design Code Masterplan) and condition 7 (landscaping and layout details) following the approval of Outline planning permission P/134/16/OUT for the erection of 280 dwellings, (including affordable homes), replacement scout hut & Ambulance Community Response Post Facility; provision of a primary vehicular access from Sefter Road; demolition of No. 80 Rose Green Road & creation of a pedestrian & emergency only access; provision of Public Open Spaces including associated children's play areas, landscaping, drainage & earthworks. This application also lies within the parish of Aldwick. This site falls within the Pagham North SD2, CIL Zone 1 (Zero Rated).

Thank you for your internet representation made on 21st May 2020 which has been recorded as an objection with the comments as follows:

OWPC27114

The Sefta field plot is totally unsuitable for the planned development as it is a flood plain. Last winter one corner of the field became a lake which attracted a large number of birds, including ducks, swans and Brent Greece in large flocks.

The flooding is likely to worsen due to global warming. Where is all this water going to go once the area has been concreted over? It will drain into the back gardens of the adjacent properties causing damage.

Another important reason not to build on this plot is that there is inadequate roads to deal with increased traffic on an already congested highways network.

Insufficient amount of schools, doctors surgeries, sewage system for an extra 280 families moving into the area..

Rose Green is a quiet village, building 280 houses on this plot would change the whole atmosphere of the area, making it congested and no longer the rural, lovely area it is now.

Surly we should preserve this prime arable land to try and make this country self sufficient by growing much needed crops.

Yours sincerely

William Priddy
