Thank you for your internet representation made on 23rd May 2020 which has been recorded as an objection with the comments as follows:

OWPC27159

Yet more destruction of arable land to build a development that is going to cause more problems with traffic congestion, causing gridlock as soon as there is the tiniest hold-up in any of the surrounding roads. Not to mention the ongoing problems with flooding. Quote "Southern Water's latest report states that the Pagham Rife will remain at a chemical FAIL status for at least the next 10 years."

Added to which, I don't believe we need that many homes, unless of course you are planning on moving commuters in, thereby adding even more stress to the traffic system.

It has become glaringly obvious over the last two months the human need for nature and open spaces to help mental health. This plan for yet more unnecessary destruction is an obscenity and needs to be scrapped.

Your views as made above will be considered before the application is determined.
