I drive to work now and the roads are absolutely horrendous and just to get to Chichester it takes an hour. When we have rain the fields like a lake and on occasions it has flooded into our back garden and with housing we will be totally flooded. The road infrastructure is absolutely horrendous and large lorries already on the road because of the extension to Barton's. The little road at the top takes ages to get across because of traffic and it makes dangerous to children and the elderly. I have photos of the flooding coming in to back up what I'm saying. The wildlife that live on the field will be very affected by the building of the housing. Two cars per house! How much more traffic on these roads? It'll take me two hours to drive the short journey to work. I'm completely against the proposal as it will cause chaos to this tiny area and overcrowding it with houses. Not enough doctors, schools to go around.
