I am very concerned about the number of proposed developments in the Rose Green and Pagham area. There is a lack of infrastructure to support these developments. Local schools and doctor services are full to capacity and the District/Community nursing service is already at the point of being overwhelmed. Increasing the populations of these areas will severely impact these services and have a negative impact on the people who are already resident here.

The road infrastructure is not suitable for the current volumes of traffic without having the huge increase these developments will inevitably result in. Hewarts Lane, where we live, is already extremely busy, especially at rush hour. The levels of pollution generated from this traffic will have a health impact on those living here. Please consider the health and wellbeing of local residents when making decisions.

Your views as made above will be considered before the application is determined.
