Thank you for your internet representation made on 29th May 2020 which has been recorded as an objection with the comments as follows:

OWPC27332

I wish to object to this development, mainly on the basis of the growing flood concerns and the mass increase in traffic. I can see the field for the proposed development out of my back windows, and this winter nearly half the field was under water for a couple of months. Also I brought this house a couple of years ago, what sold it to me was the amazing view from the 2 top floors, I don't want that to be ruined! I also don't want years of disruption From work being carried out on my doorstep. The traffic is getting bad enough around here and this development is just going to cause more issues! I strongly disagree with this development and do not wish it to go ahead.

Your views as made above will be considered before the application is determined.
