Thank you for your internet representation made on 30th May 2020 which has been recorded as an objection with the comments as follows:

OWPC27338

Prime arable land. We need it to grow food. The proposed 280 houses is far too over populated for the resources in this small village. Please let us preserve the natural beauty of rose green, keep the roads quiet and minimize pollution. There are literally hundreds of bees in that field since the wild flowers around the edge of the field have bloomed. As you know, the UK is very worried about its bee populations. Also, every year hundreds of migrating birds stop off in the field when in floods. Including black swans, geese and herons etc. The field is diverse and outstandingly beautiful.

Your views as made above will be considered before the application is determined.
