Thank you for your internet representation made on 31st May 2020 which has been recorded as an objection with the comments as follows:

OWPC27348

I wish to object for the following reasons:

I think it is time for WSCC, ADC, BRTC and all the Parish Councils to stand together and question, very strongly, the Government's policy on building houses in areas likely to flood. When Boris Johnson visited a flooded area a few months back he said on television something on the lines "we must stop building on floodplains"

Sefter Road is on a floodplain and the planning application itself indicates there is a potential flooding risk: why else would the site have 7 ponds? Whilst on the subject who is going to maintain the 7 ponds which are likely to silt up and clog with weed in a relatively short time?

With Climate Change upon us ADC probably have some policies in place and I wonder if they are considering these policies when discussing all these housing applications.

There is much more to say about infrastructure but this has already been the subject of many letters.

Your views as made above will be considered before the application is determined.

Please be aware that Planning Services operate an 'open file' policy and will publish your comments on the website. Please make sure that you have only provided information that you are happy will be published in this way. In this case, you will need to track the progress of the application on the council's website <https://www.arun.gov.uk/weekly-lists>

Any comments that are received after the agenda has been finalised will be separately reported to the members of the Development Control Committee.
