Thank you for your internet representation made on 4th June 2020 which has been recorded as an objection with the comments as follows:

OWPC27504

Plans to build on this very site were rejected in 2000 for 11 reasons. Is it possible to explain why these reasons no longer matter? For example, Reason 1 - The proposed development would be unsustainable by reason of its location..... Reason 3 - The site is in a rural location.....Reason 4 - The proposed site would involve the loss of high grade agricultural land..... Reason 5 - No provision has been made for the requirement of infrastructure directly required to service the proposed development.....Reason 7 - The proposal would involve development within the Chichester and Bognor Regis strategic gap.....Reason 8 - The proposal would result in an excessive amount of development being dependant on a single point of access. (This is the same for this proposal) On top of all these reasons is also the possibility of 300+ cars on a SINGLE carriageway, already congested, dangerous road.

Your views as made above will be considered before the application is determined.
